

LOCAL AND GENERAL

Oceanic Lodge, No. 371, F. & A. M., will not hold a stated meeting tonight. The morning paper was in error.

A meeting of the members of Oceanic Lodge No. 371, F. & A. M., has been called for 7:30 o'clock this evening in the Masonic Temple.

A meeting of the voters of the 14th precinct of the fifth district will be held at Athletic Park tomorrow evening, commencing at 7:30 o'clock. E. L. Sharrett will preside.

The members of the local board of supervisors and Mayor J. J. Fern have received invitations to attend the annual civic convention which will be held at Walluku, Maui, October 3 to 5.

A birthday luau was given by Mr. and Mrs. Sam Kaena at Kukui and Liha streets yesterday, beginning at 12 o'clock. Many guests attended and the affair was pronounced a great success.

The governor received a formal notice from the department of the interior this morning enclosing a copy of President Wilson's declaration of neutrality for the United States in the European war.

"MOODY OF JAPAN" TALKS TO MEN AT THE EMPIRE THEATER

"It was my idea that the United States was some sort of a second heaven until I visited your country," said Rev. Seimatsu Kimura, the Japanese evangelist, at the men's meeting at the Empire theater last evening. "The only Americans whom I knew were the missionaries who came from this Christian nation and so I supposed that all Americans were the same kind of people. I was anxious to visit this country which I had dreamed so much of."

"When I landed at San Francisco, I knelt on the wharf to offer a prayer of thankfulness; just like Christopher Columbus did when he first landed in the New World. Hardly were my eyes closed until something struck me on the cheek. I felt and discovered that some observer had thrown a quid of chewing tobacco into my face. That was my reception in your Christian nation."

"When I became a Christian I was driven from my home by my parents. My father was a wine-merchant and this only increased his hatred for Christianity. I early made a resolve to devote my life to leading others to Christ. I have set as my goal while in the Hawaiian Islands, the leading of 1000 souls to an acceptance of Christ. It has been my privilege up to this time to have shown Him to 662 different people, and I will not withdraw from the islands until I complete the thousand mark," said Rev. Kimura.

CATHOLICS WILL HOLD SERVICES THURSDAY IN MEMORY OF POPE PIUS X

In memory of the late Pope Pius X, solemn high requiem mass will be celebrated in the Catholic cathedral, Fort street, Thursday morning, beginning at 10 o'clock. It was announced recently that no services would be held until official news had been received here of the Pope's death. Arrangements for the Thursday service have been commenced, however, as this notification is momentarily expected. It is believed that the war in Europe caused a delay in the forwarding of the communication from Rome.

"Tea and Coffee"

are just as harmful to children as alcohol is to grown-ups," says Dr. Charlotte Abbey, superintendent of the Women's Directory, New York.

The reason why coffee and tea injures anybody is because these beverages contain the poisonous drug, caffeine, (from 1 1/2 to 3 grains to the cup), which physicians have long known affects the heart, stomach and liver.

Children especially, with their delicate nerves, are susceptible to the action of caffeine, and should never be allowed to have tea or coffee or any other beverage containing drugs.

Thousands of adults have found that their headaches, nervousness, indigestion and sleeplessness have vanished when a change was made from coffee and tea to

POSTUM

"There's a Reason"

Postum contains no caffeine or any other injurious substance. Made from whole wheat and a small per cent of molasses, it is a pure food-drink, having a delightful flavor, and containing the nutritive values of the grain. That's why it is good for both children and grown-ups.

Postum now comes in two forms:

Regular Postum—must be well boiled. 15c and 25c packages.

Instant Postum—a soluble powder. Made in the cup with hot water. No boiling required. 30c and 50c tins.

The cost per cup of both kinds is about the same.

THOMAS ARRIVES TO HANDLE WORK FOR JEFF M'CARN

(Continued from page one)

en route to Washington, and had conversed with him for perhaps a minute.

Mr. Thomas was met on the steamer outside the harbor by Foster Davis, deputy clerk of the district court. Later, J. W. Thompson, assistant district attorney, called on him at the Young hotel, where the two conversed for some time regarding the work of the local office.

"I am going to get right to work and run the district attorney's office for 6 days," laughed Mr. Thomas; and he did. Shortly after 9 o'clock, with coat off and shirt sleeves rolled up, he was seated at Mr. McCarn's desk poring over a mass of papers and correspondence. He attended a session of the federal court at 10 o'clock, and shortly after conferred with Judge Sanford B. Dole.

Mr. Thomas is connected with the district attorney's office in San Francisco in the capacity of chief regular assistant, there being three regular assistants and one special assistant. He is about 32 years old, has a strong personality and a legal experience which makes him well qualified for the position which he now holds. He has practiced law in San Francisco since 1906 and, prior to entering the district attorney's office, was affiliated with the law firm of Barrett and Thomas.

It was learned from good authority this morning, that for some time past, Assistant District Attorney Thompson has been informed of the nature of Mr. Thomas' mission to Honolulu, which information came to him in the form of a cablegram from the attorney-general's office in Washington, D. C. It is said that the information in the cablegram was to the effect that Mr. Thomas was coming here to "take charge of the district attorney's office until the disposition of the McCarn cases."

Mr. Thomas said this morning that he is not entirely a stranger in Honolulu, although this is his first trip here. He is an intimate friend of Attorney A. D. Larnach, they having attended Stanford university together.

DEMONSTRATION IN DIABETES

In proof of the fact that Hepatic degeneration can be successfully opposed and sugar eliminated in many cases of Diabetes in people aged fifty and upwards on May 6th, 1912, we published in San Francisco dailies an offer to the effect that if any four physicians in good standing in this city would send us a Diabetic between fifty and seventy years of age, strong enough to call at our office, showing high specific gravity, thirst and a large quantity of sugar, we would attempt to return the patient in 60 days with half the sugar eliminated and thirst and symptoms largely reduced and on the road to recovery.

Later we published the name and address of a Diabetic patient with an invitation to physicians to take samples and make their own tests, and thus see sugar declining week by week. The ability of Fulton's Diabetic Compound to reduce sugar in many cases of Diabetes in people of fifty and upwards is not a matter of opinion but a FACT IN PHYSICS and we will send formula for sugar test that will show the percentage of sugar from week to week. As the sugar disappears improvement commonly follows, recoveries having been reported in many cases. Formula and literature mailed on request. John J. Fulton Co., San Francisco.—Advertisement.

U. S. CONSUL OF HONGKONG WILL MEET LOCAL MEN

George E. Anderson, American consul-general at Hongkong and known to many in Hawaii, will pass through Honolulu early in September, and plans are already under way by the Chamber of Commerce for some informal entertainment while he is here.

Consul Anderson is noted for his keen attention to business and in a letter to the chamber he offers to meet any who may be interested in the Far Eastern trade. Proceeding upon this, Secretary Raymond E. Brown has begun arrangements for a meeting in the Chamber of Commerce rooms, probably in the morning.

He will get in touch by wireless with Consul Anderson and later announcement will be made of the date and hour of the meeting. Mr. Anderson's letter says:

"Washington, D. C., Aug. 8, 1914. To the President, Chamber of Commerce of Honolulu.

"I expect to pass through Honolulu, returning to my post at Hongkong, on the 'Korea,' leaving San Francisco Aug. 29th.

"I shall be glad to confer with any persons interested in far eastern trade at your rooms where I will call for the purpose, as soon after the arrival of the vessel as will be convenient.

"Trusting I can be of service, I am,

"Yours obedient servant,
"Signed, GEORGE E. ANDERSON,
Consul-general at Hong Kong."

SHRINERS HOME FROM MAUI TRIP

The good ship El Jezebel—meaning the Inter-Island steamer Mauna Loa—arrived in port this morning at 6 o'clock loaded down with tired, hoarse and happy Shriners who made the pilgrimage to Maui for the week-end and gave the Valley Island a touch of high life as it is led by the befezzed disciples of the Nobles of the Mystic Shrine.

Some 80 pilgrims made the trip. Earlier in the week the consistory had put on the thirty-first and thirty-second Masonic degrees, a class of 10 going over on Wednesday. The Shriner caravan arrived by the Mauna Loa Saturday morning and pulled off their stunts that day and some of them yesterday. George A. Davis umpired a ball game between two Maui teams yesterday.

The following were initiated into Shrinism: George H. Williams, Hilo; T. D. Skinner, Honolulu; J. J. Muller, Hilo. The following from Maui: J. E. Gannon, W. F. McConkey, E. Haneberg, C. D. Lufkin, E. F. Delbert, H. D. Sloggett, H. H. Streubeck, W. H. Field, E. R. Bevins, D. C. Lindsay, C. Campbell, William Searby.

LITTLE INTERVIEWS

—CAPTAIN W. H. WORTHINGTON: The German steamer Leipzig is not expected to have much difficulty in securing plenty of fuel. A few days ago eight large British tramp steamships were enroute from Norfolk and points on the east coast with coal for San Francisco or Bremerton. One or more of these vessels are now believed to have fallen a prey to the German cruisers.

ARE WOMEN NATURALLY DESPONDENT?

A prominent writer so claims. Women are constituted with a delicate organism and in line cases out of ten mental depression may be attributed to an abnormal condition of the system which expresses itself in nervousness, sleeplessness, backache, headaches, causing constant misery and as a result despondency. Lydia E. Pinkham's Vegetable Compound, a simple remedy made from roots and herbs, is the one great remedy for this condition. It goes to the root of the trouble and overcomes despondency.—Advertisement.

CONKLING ADOPTS A "WATCHFUL WAITING" POLICY WITH BONDS

Following distinguished and now time-honored precedent, Territorial Treasurer David Lloyd Conkling is pursuing the policy of "watchful waiting" at New York City, according to a letter received from him by the governor today. In other words, Conkling is "marking time," and closely observing events, studying the situation to determine the most propitious time for floating the territorial bond issue.

For the flotation this European war is a disagreeable event, as the market has suddenly become shy and uncertain and there seems to be considerable question when the investors will be ready to buy. Conkling was advised some time ago to withhold action on the sale until the market apparently assumed a more settled tone. He is still waiting, and judging from his communication he may have to wait much longer before financial affairs have acquired the proper degree of stability.

POLITICAL NOTES

Prof. W. A. Bryan, who is running for the senate on the Democratic ticket, is expected to receive considerable non-partisan support.

John H. Wise, manager of Kuhl's campaign, has secured Athletic Park for the closing Kuhl rally, on the night of September 11. Part of the Hawaiian band will play.

Ed. H. Lewis, well-known automobile man, has entered the political arena as a candidate for supervisor on the Democratic ticket. He is demanding road improvements and though he entered the race late, is going to make a hard fight.

Beginning tonight with a meeting at Aiea, Joel C. Cohen, Republican candidate for mayor, will devote this entire week to a whirlwind tour of the outside precincts of the city and county. The meeting tonight will be held in the moving picture theater at Aiea and a free moving picture show and musical entertainment will be a feature. The remainder of the itinerary has not been definitely arranged.

Under the auspices of the Epworth League of the Methodist church, interesting services were held at the Leahi Home yesterday afternoon. Mrs. H. Zuberchen and John Martin conducted the services, special instrumental and vocal music having been contributed by Miss Lucy Keefe. There were several speakers, including Charles Shepherd, Dr. Syngman Rhee, Peter Tosh and John McTaggart.

CRUISERS LEAVE FOR HILO TODAY WITH GENERALS

The armored cruisers South Dakota and West Virginia, towing the submarines F-2 and F-4, arrived off port this morning and by 10 o'clock the "Ess Dee" and both divers were tied up to the navy dock. The West Virginia remained outside the harbor.

At 4:30 this afternoon both cruisers sailed for Hilo, a junketing trip to the volcano being on the program for the entire ship's company. Wireless messages flashed between ships and shore yesterday afternoon which resulted in the acceptance by Major-General W. H. Carter and Brigadier-General Clarence R. Edwards, of an invitation to make the inter-island trip on the cruisers. The department commander, accompanied by his aide, Lieut. J. G. Pillow, will be the guest on the South Dakota, while General Edwards and Lieutenant Crockett, aide, will make the voyage on the West Virginia.

The cruisers will be back in port the end of the present week and future movements are somewhat indefinite. It was not given out this morning whether any extended stay would be made here, or whether the ships would sail for San Francisco immediately. They will take on coal, however, and in any event will probably give the crew a day or so of shore liberty.

The voyage from San Francisco to Honolulu was made without accident or incident and was much easier than the first towing trip a few weeks ago when the F-1 and F-3 were brought here. There was no trouble whatever with the submarines, and at no time was either in danger of going adrift, as was the case with the West Virginia's tow last trip.

All the submarines of the F group are now stationed at Honolulu, but it will be some time before the Pearl Harbor station is ready to receive the division. In the meantime they will make Honolulu the home port and conduct the regular routine work in and near the harbor.

An innovation that will be tried out on the present trip to the volcano of Kilauea is to take transportation for the ships' companies from Honolulu. Ed Lewis of this city has been given the contract for carrying the officers and men and several large motor cars, with the necessary chauffeurs and mechanics were along aboard the South Dakota today for use on the Big Island.

The submarine F-2 is commanded by Lieutenant (J. G.) C. M. Yates, while F-4 is under command of Lieutenant (J. G.) Alfred L. Ede, Lieutenant Charles E. Smith, commanding the F-1, is division commander.

NEW PORTUGUESE CONSUL IS GLAD HE CAME HERE

"If first impressions count for anything, then I know that I am going to like Honolulu and thoroughly enjoy every minute of the three years which I expect to spend here," said Senhor Agnelo Lopes da Cunha Pessoa, the new Portuguese consul-general for Hawaii, this morning, as he sat at his desk in the consular office in the Elite building reading the cards on several large bouquets of flowers sent him by local officials and Portuguese residents.

Senhor Pessoa arrived in the Sierra in company with his bride, a beautiful Portuguese heiress, whom he married in Lisbon shortly before departing for Honolulu via Paris and New York. The new consul, who is still a young man, comes here to fill the position left vacant by the recent death of A. de S. Canavarro, who was Portuguese consul-general here for more than 30 years.

He was met at the steamer by Dr. Luiz R. Gaspar, acting consul-general, and a committee of prominent Portuguese of Honolulu. At 11 o'clock he went to his offices in the Elite building where he received a large number of callers until 1 o'clock. In an interview with the Star-Bulletin, he said that he expects to remain here at least three years, and that he will spend the next several days getting in touch with the work of the local office.

"I am not able to say at this time just what part, if any, Portugal will play in the present European embroilment," he said, in answer to a question. "I left Lisbon for Paris some time before it was really decided that there was to be a war in Europe. I did not confer with the Portuguese ambassador in Washington, but came straight through to San Francisco and then to Honolulu."

Senhor Pessoa has had considerable experience in the consular service. He formerly was second secretary of the Portuguese embassy in Rio Janeiro and, prior to his coming to Honolulu, was secretary to the minister of foreign affairs in Lisbon. "The reports which the minister of foreign affairs has received regarding the work of the consul's office in Hawaii have always been most favorable," he said. "My first impressions of your city are excellent ones. I know that I am going to like it here."

CURIOSITY KILLED, ETC.

Brown's an inquisitive chap. Coming home from the club last night he climbed up a high gate post to see what the sign was at the top. What was it? "Paint,"—Judge.
